

Job Announcement

Currently we have an immediate opening in our Roseville office for a commercial site design civil engineer. We are seeking a highly motivated individual with strong commercial site design skills, who can join our team of dedicated professionals.

Site Design Engineer (Roseville Office)

The ideal candidate will have a B.S. degree in Civil Engineering (or equivalent), and one to five plus years experience in site civil design, AutoCAD and Civil 3D software proficiency, strong analytical and people skills. Responsibilities include preparation of engineering drawings and/or reports, development of computer models for 3D grading hydrology and water systems, preparation of project cost estimates, and assistance on proposal preparation and client relationships.
